Photo and Video Release

In the past several years we have been making efforts to strengthen our communication with Maine Coast Semester parents, alumni, and prospective students. One of the most effective means of doing so has been through our website, blog, YouTube, Facebook, Instagram, and Flickr. There are exciting things happening on our campus every day, and often a collection of photographs or a short video can do more to express the diversity of experiences here than anything else. We hope you visit each of these websites many times throughout the course of your child’s semester in Maine. If you are comfortable with having photographs and video of your child on these sites, and if you are comfortable with us using photographs and videos that your child has shared with us, please sign the release below.

Photo and Video Release
